GITESH PATIDAR
FULL STACK DEVELOPER

giteshpatidar2207@gmail.com | +91-9977677116 | https://www.linkedin.com/in/gitesh-patidar2207/

Professional Summary

Computer Science Graduate and Full-Stack Developer with hands-on experience building scalable web applications using MERN Stack technologies. Skilled in developing responsive user interfaces, secure REST APIs, authentication systems, and database-driven applications. Experienced in using developer tools, collaborating in team environments, debugging applications, and quickly adapting to new frameworks and technologies.

Academics

Bachelor of Technology in Computer Science & Engineering **(2022 – 2026)**
Sushila Devi Bansal College of Technology, Indore

Higher Secondary Education **(2021 – 2022)**
Adarsh Academy, Dhamnod

Secondary Education **(2019 – 2020)**
Adarsh Academy, Dhamnod

Projects

MediBook – Doctor Appointment Booking System

- Developed a full-stack web application enabling users to book doctor appointments online and manage medical schedules.
- Built responsive user interfaces for patients and doctors using React.js and Tailwind CSS.
- Designed and implemented backend APIs using Node.js and Express.js..
- Implemented JWT-based authentication and features such as specialty-based search, appointment history and real-time availability.

SparkFresh – Laundry Service Website

- Created a full-stack laundry booking and service management application.
- Designed an attractive and responsive UI using HTML, CSS and React.js.
- Developed backend services using Node.js and Express.js to manage users, bookings and services.
- Used MongoDB to securely store customer data, orders and service records

FitFlow – Gym Management Website

- Designed and developed a responsive gym management website to showcase fitness programs, membership plans and trainers
- Created responsive and interactive web pages using HTML, CSS, and JavaScript.
- Developed interactive pages for membership plans, trainer profiles, services, pricing, and contact information.
- Implemented modern front-end design principles and optimized website performance to improve usability and accessibility.

Internship

Full Stack Developer Intern | Dooriq Hub Pvt. Ltd. **(July 2026 – Sept 2026)**

- Contributed to the development of a restaurant management SaaS platform with CRM-related features.
- Designed user interfaces and dashboard layouts using Figma to support a consistent and user-friendly experience.
- Assisted in implementing web security practices, including input validation, authentication, authorization, and secure API handling.
- Integrated frontend components with backend APIs and supported website testing and debugging.
- Assisted with Docker-based development workflows to support application setup and service management.

Technical Skills

Languages: HTML, CSS, JavaScript, C++, React.js, Node.js, Express.js.
Database: MongoDB.
Tools: Git, GitHub, Postman, Codex, Claude, Gemini.

Soft Skills

- Problem Solving
- Team Collaboration
- Time Management

Achievements & Certifications

Vultr Cloud Innovate Hackathon by GeeksforGeeks

- Successfully participated in a cloud-based hackathon focused on building innovative applications using Vultr Cloud infrastructure.

MongoDB Developer's Toolkit Course by GeeksforGeeks

- Completed practical training in CRUD operations, indexing, aggregation and schema design in MongoDB.
